

Luckies Sand Volleyball Coed Rules and Reminders

Rules

- We will have a dedicated server for the volleyball teams and outdoor area. Please order food and drinks through your server as opposed to ordering drinks at the bar. They will be more than happy to start a tab for you or allow you to pay cash as you go.
- All players need to be at least 18 to play, and you need at least four team members to begin play.
- 50% of players on the court must be female, and all players must rotate positions.
- Rally scoring to 21 must win by three points. Teams will always play all three sets even if one team has already won the first two sets. Let your server know how many sets your team won each night.
- A block does not count as one of your three hits.
- If the ball touches the boundary line, that is considered in.
- Three consecutive overhand serves allowed, then one underhand serve, before returning to overhand. No jump serves.
- No blocking or spiking serves, and no sky balls.
- Contact with the net at any time or going under the net is not allowed. No obvious lifts or grasping/throwing ball over net is allowed.
- Serves that hit the net are still playable.
- Being an honorable team is calling your own faults fairly and using responsible spiking, as well as good sportsmanship.
- This is a recreational volleyball league. We are here to have fun, so if there are any disputes, just replay the point. Teams causing fights will be asked to leave the league with no refund.

Reminders

1. No outside food or drinks are to be brought inside the bar, patio, or volleyball court area. All items must be purchased at the bar. Any team caught bringing in alcohol will be asked to leave.
2. No alcoholic beverages can leave the premises at any time. All alcoholic beverages are to stay inside the designated gazebo and beer garden area, inside of the white gated fence.
3. Kids are not to be inside the bar unsupervised nor are they allowed to play with the water cups or hoses. For safety of our players and children, please keep kids safely away from the courts and do not allow them to dig large holes in the sand, hang on the nets, or play on outdoor tables or chairs.
4. We will have a feet-washing station for our players use. Please do not use our bathroom sinks to wash your feet. (Will be installed soon.)
5. As we try to keep our patio and courts clean for you, please help us out by using our trashcans and ashtrays located by each court and on the patio.
6. You are responsible for reporting your score to the server on duty after your match is complete. You must report how many wins your team had. All three sets will count toward your total wins for tournament scheduling. These scores are used to bracket you in the end of session league tournament. Unreported scores will not be accepted after midnight the day your games were played.

Payment

Full league payment is due on the first week of play. Teams will not be allowed to continue play without all league fees paid. Note: We do not accept individual payments from team members. The league fees must be made in one lump sum by the team captain. Captains are responsible for collecting the league fees from their players. If payments are not made, the captains will be held responsible for paying the remainder of the fees and your team may be dropped from the league.

Schedules

Your team will play on the same night of the week every week. Times for play will vary and may be scheduled at 6:30 p.m., 7:30 p.m., or 8:30 p.m. Some teams may play twice on their league night due to an odd number of team sign-ups. There are no court assignments. Teams will choose whichever court they would like to use based on a first-come, first-served basis. Schedules will be posted on the window by the door to the beer garden and online at Luckies Sand Volleyball Facebook page.

Any holidays the bar is closed, no leagues will be played, and your tournament start time will be posted on Luckies Sand Volleyball Facebook Page.

Scores

Each team is responsible for reporting their wins and losses to the server on duty. Weekly wins/losses will be used to place your team in the seeded end-of-session tournament. If scores are not reported nightly, a zero will be put in for that week. If scores are forgotten, you may call in before midnight the night you played and report them to the staff

If teams are not present to play within 15 minutes of their scheduled start time, they will forfeit the game.

All of the coed 6x6 rules will be used in the tournament.

Brackets for the tournaments will not be given out ahead of time, so all teams need to be there at the start of the tournament.

Teams can't request to be placed in certain rounds due to a time preference.

Also, for tournaments, you may not have any substitutes that have not played in at least three of your regular season games. You may not have more than two subs on the day of your tournament.

Weather

We will do our best to call the games due to weather at least an hour before they start. We will post cancellations on our Luckies Sand Volleyball Facebook page. If games have begun and the weather has changed, we may have a short delay to wait out weather before canceling for lightning and any severe weather.

We play rain or shine and will only cancel for extreme weather conditions.

Rainouts

Rain-out nights will not be rescheduled. If in the final week the tournament gets rained out, it will not be rescheduled. No refunds will be given if any of your league nights gets rained out. Teams may choose to make up their own games on their own time if courts are available.

Waivers

The waiver form must be signed by everyone on your team, including subs. Waivers will be available each night—ask the server on duty. The waiver does not need to be signed each session, just once per year.

Forfeits

If your team can't make it on your scheduled night, it will be considered a forfeit. If your team is not there within 15 minutes of your scheduled start time in league or tournament, it will also be considered a forfeit.

Teams with two consecutive forfeits will be dropped from the league with no refund.

Subs

If a substitute player is needed, he or she must have signed the individual waiver. There is no limit to the number of subs or how many times you use a sub; however, for tournament, if substitute players are needed, they are only allowed to play if they have subbed on your team at least THREE times during the session and you may not have more than two substitutes for your tournament night.

Refunds

Since we are not in control of weather or what day a holiday lands on, you will not always be guaranteed all weeks of play. Please do not assume that if games are canceled due to weather or holidays that they will automatically be rescheduled or that you will get a refund.

Once league play has begun, there are absolutely no refunds. Deposits are also nonrefundable but can be transferred to another time slot or session if the change is made at least seven days before the start of the session. A transfer of your deposit must be used within the same year.
